Sure, I can help you with that. Can you tell me what are the client's issues or objectives for this opportunity to get started?

They are looking to improve their efficiency of financial planning and analysis processes.

Thank you for letting me know. To begin with, can you let me know what FoPs does this opportunity does this fall under?

I am not sure about FoPs. Can you give me some options that this opportunity could fall under?

Here are some of the FoPs that this opportunity could be in and you can select the ones you think is correct -

Cybersecurity | Finance | Risk | Technology

Based on the information provided, here are some of the typical client solutions that I have found:
